#### Background:

#### **Budget:**

- The total budget will increase 5.4 percent, to \$30.1 million from \$28.5 million. The additional
  property tax revenue will be allocated to cost-of-living salary and wage increases, health
  insurance increases, technology maintenance agreements, local match for capital
  expenses and a pending contract with the Amalgamated Transit Union.
- DART continues to transition federal funding used for operating expenses to capital expenses, such as regular bus replacement to maintain a state of good repair, as part of the DART Forward 2035 plan. The net effect is \$430,000 less available for operations. In addition, the elimination of two funding programs, JARC and New Freedom, resulted in a decrease of \$308,000 in non-operating revenue.
- Due to the level of increase in the property tax levy required in order to fund expected increases in the cost of doing business, DART is foregoing any service level increases in service for FY 2016.
- DART health insurance claims are increasing resulting in a projected increase for FY 2016 of thirty percent.
